"Patriotic Duty" Inspired Defendants

In the Election Fraud Cases in Michigan, Attorney for the Defense Contends

J. L. O'SULLIVAN, (United Press Staff Correspondent.) Grand Rapids, Mich., Feb. 3.—"Patriotic duty," was Senator Truman Newberry's answer today to charges that he was elected to the senatorship in a "barrel campaign."

Newberry's opponent was Henry Ford.

Jas. O. Murfin, attorney for the defense, outlining his case, declared "patriotic duty" brought the 134 men on trial here charged with fraud in connection with that election to "do everything possible" to elect Newberry.

Murfin's statement was in answer to claims made by Prosecutor Frank Dalley who figured that "enormous amounts of money were used to purchase votes and buy political support."

Judge Sessions warned Murfin to avoid a discussion of the merits of the candidacy, by attempting to draw a comparison of the war record of Henry Ford and Senator Newberry.

"This is no time for such arguments," Judge Sessions said.

"I want to show the purpose of these men's activity," declared Murfin.

"If they made illegal expenditures of money during the campaign it makes no difference," the court ruled.

"An analysis of these two candidates and the atmosphere under which they did it must be considered," Murfin contended.

"When Henry Ford announced his candidacy on June 14, 1918, the fate of civilization was hanging in the balance. The last German drive was being headed; the advancing armies were only thirty miles from Paris and the channel ports were threatened."

Newberry, Murfin asserted, had a handsome record in the Spanish-American war, and had been secretary of the navy to that militant American, Theodore Roosevelt. He told how Newberry had volunteered his services within forty-eight hours after the country was threatened in 1917. "We will prove conclusively what these men did. It was not for pay but for patriotism."

"Payments by the committee in charge of the campaign, were practically always made in cash," F. C. Dalley, prosecutor, declared in resuming his statement in the election fraud trial. "Field agents would go to Detroit headquarters and receive cash sums from the campaign head. No receipts were taken," Dalley said.

Serious Shortage of Grain Seed Reported

(By United Press)

St. Paul, Feb. 3.—St. Paul grain men are much concerned over the serious shortage of seed for planting in the northwest, which they say also has a direct bearing on the livestock industry.

A recent survey of conditions in the northwest was made by the federal reserve board, and a report was received today at the St. Paul grain exchange. It confirmed the views of the grain men. The report asserted that the coming season will bring some problems in the livestock situation in Minnesota, Montana, North and South Dakota and Wyoming.

Morale of Navy Could Not be Shattered by Medal Awards

(By United Press)

Washington, Feb. 3.—Admiral Sims' charges that the morale of the navy is shattered by the alleged injustice of medal awards, "is an insult to the splendid men of the navy," Secretary Daniels declared today testifying before the senate naval committee in its investigation of naval awards.

"It is an insult to the splendid men of the navy to say that the morale of the navy could be seriously impaired by any awards to individuals," said Daniels. "They are made of more sterling stuff than to be rattled by matters of unimportance in comparison of their devotion to their duty," he said.

Revive Johnson Amendment to League

By L. C. MARTIN (United Press Staff Correspondent.)

Washington, Feb. 3.—The Johnson amendment to the league of nations covenant giving the United States as many votes in the assembly as the British empire, is to be revived as soon as the treaty comes to the floor of the senate.

This action will be taken, senators said today, as a direct result of Viscount Grey's letter in which he said the United States is entitled to as many votes as Britain. Grey's letter will be used as an argument to round up votes to the amendment.

Foreign Exchange Slumps Badly

(By United Press)

New York, Feb. 3.—Trading in principal foreign exchange was demoralized this afternoon when all of the allies' money broke badly. The English pound sterling slumped to 3.33 3/4, after opening at 3.39, a drop of four cents from yesterday's close. The French franc fell to 12.44 per dollar, and the Italian lire to 17.37 per dollar.

Latest Telegraph

Two Hurt in Cave-In

St. Paul, Feb. 3.—Two men were badly hurt today when the roof of a new theatre building at Eighth and Wabasha caved in. The building is just in the frame stage. Several workmen were showered with brick and mortar.

Shortage in Engines Causes Loss

Oklahoma City, Feb. 3.—Delay in shipping livestock, hay and cotton has caused serious losses by the inability of the railroads to move shipments promptly according to railroad men meeting today.

Delay in moving shipments is due to lack of locomotives rather than in shortage of cars they said.

RAILROAD MEN GIVEN FINAL ANSWER ON WAGE DEMAND

Answer Has Not Been Made Public But is Understood to Suggest Three Alternatives

British Confident U. S. Will Ratify Peace Treaty

WEBB MILLER, (Written for the United Press)

London, Feb. 3.—America's refusal to take Europe's financial burden is not causing apprehension in British governmental circles despite the vehement outbursts in a section of the press. It was learned authoritatively today.

British officials, while regretting America's delay in ratifying the peace treaty, were confident that the United States will eventually become a party to the Versailles treaty and the league of nations.

The present situation, they pointed out, is much the same as that existing before the United States entered the war. Europe, except the smaller nations, officials said, could well be compared to the days preceding America's war declaration.

Only now instead of German militarism it is financial ruin that threatens.

The position of Great Britain, officials said, financially was far better now than in the pre-American war days. The jingoism in a section of the press they said was not representative of the attitude of the government.

Secretary Glass' letter in substance telling Europe to get to work was met with praise in many quarters.

Defendants on List of Jurors

By M. D. TRACY, (United Press Staff Correspondent)

Tombstone, Ariz., Feb. 3.—"Eight jurors for the defense," were dropped from the jury list in the Bisbee deportation trial here today.

Named for the panel in the trial of 329 Bisbee men charged with kidnapping alleged I. W. W. it was learned the eight men were defendants as well as jurors. The court officials got off with a reprimand for their mistake.

Buster Brown to Get Married

(By United Press)

Chicago, Ill. Feb. 3.—Buster Brown is going to get married. Richard Felton Outcault, a son of the famous comic artist and the original son of the older Outcault, first known as Buster Brown, secured a license here yesterday to wed Miss Margaret Feler of Oak Park. Outcault served in the air service during the war.

One Was for the Appointment of a Commission Similar to the Coal Commission to Consider Matter

(By United Press)

Washington, Feb. 3.—Rail Director Hines today read before the representatives of the Railroad Employees Union the government's final answer to their demand for higher wages. The text of the answer was not disclosed but it was understood he suggested three alternatives as basis of settlement. One of these was a plan for establishment of a commission similar to the coal commission to consider their demands.

Council of Ambassadors Reply to German Note

(By United Press)

Paris, Feb. 3.—The council of ambassadors today finally approved the text of the allied reply to Germany's note protesting against the enforcement of the clause in the peace treaty demanding the surrender of German war guilty. The note included the list of accused Germans.

The council also discussed its reply to Holland refusing the allies' request for extradition of the former kaiser. This note will be submitted to the various allied governments for approval.

High Costs Knock Road Building

Minnesota Automobile License Will be Raised to Amount of Other States

(By United Press)

Chicago, Feb. 3.—Old high cost has hit the Mississippi valley road building a dead end, road men here said today. Delegates to the conference of the Mississippi Valley State Highway department, comprising nine states, declared the abnormal cost of labor and material will halt road construction for a year or two although there is plenty of funds available.

The Minnesota delegation reported the Minnesota automobile license fund is to be raised by constitutional amendment to that of other states. License fees go into the state road funds.

Governor Has Pneumonia Rested Well Last Night

(By United Press)

St. Paul, Feb. 3.—Governor J. A. A. Burnquist, suffering from pneumonia and influenza, rested well last night and his temperature has reduced one degree to 102 2-5 early today, nurses said.

Exhibits of Novelty Goods Now Are American Made

(By United Press)

Chicago, Feb. 3.—Four years ago Germany was making an exhibit of thirty per cent of America's novelty goods. Today the manufacturers and importers association of America opened an exhibit valued at \$50,000. These articles of merchandise range from needles to anchors and in prices from 5c to \$50 and every item is American made. "We won't consider German made goods for many years," said the manufacturers.

Fifteen hundred merchants from coast to coast have added to the exhibit, which is staged by a hundred national novelty manufacturers.

President Able to Preside Over Cabinet

(By United Press)

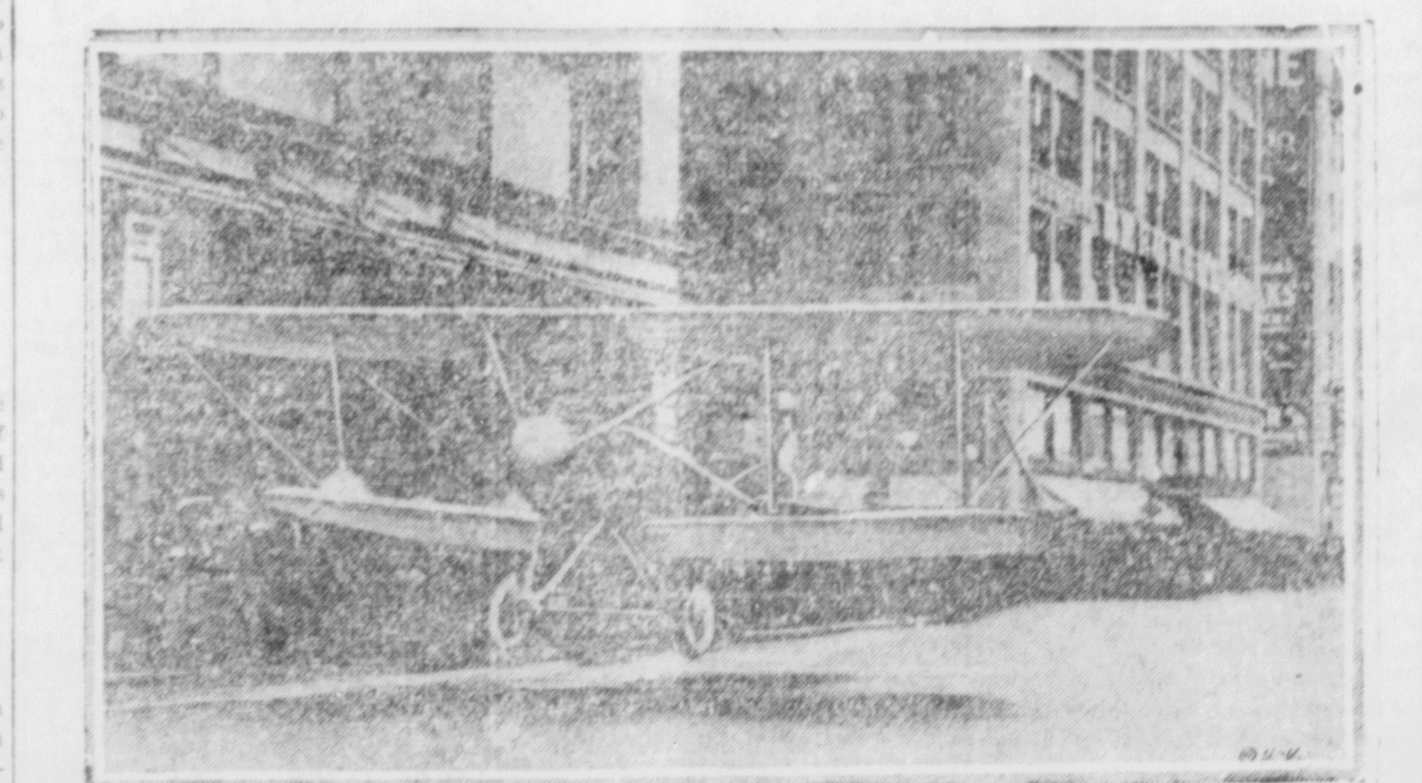

Washington, Feb. 3.—President Wilson has made so much progress in recovering from his nervous breakdown that he is in a fit condition to attend and preside over meetings of the cabinet should anything of immediate importance demand his attention, Secretary Tumulty said today. Tumulty denied a published report that Wilson would preside over the cabinet meeting today.

President Narrowly Escapes Influenza

(By United Press)

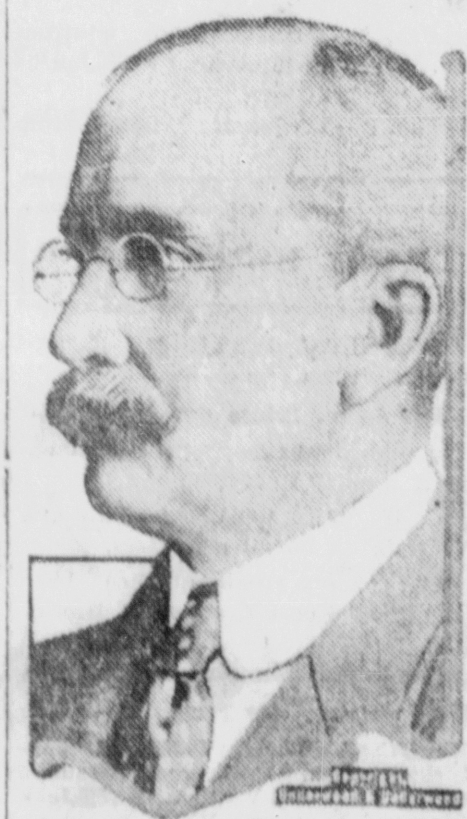

Washington, Jan. 3.—President Wilson recently narrowly escaped an attack of the flu. The president, Dr. Grayson said, contracted a slight cold and during the last week has abandoned his daily airing on the south porch of the White House. Dr. Grayson is exercising the greatest care and does not allow anyone in the sick room whom he suspects of carrying the flu germ.

California Aviator Landing in Oakland Street in Midst of Thousands of Spectators Who Lined Sidewalks to Witness Feat

Thousands lined Clay street, in Oakland, Cal., when it was announced that Lieutenant L. V. Pickard, official pilot of the Durant Aviation Field, would alight in that thoroughfare. An instant after this photograph was taken the plane landed on the slippery pavement, skidded until a wing grazed an electroliner, swerved to the curb and endangered the spectators. The tail skid was so much damaged that the scheduled attempt to take the air from the street was abandoned.

WILLIAM LEROY EMMET

William Leroy Emmet has been awarded the Edison medal for 1919 for meritorious achievement in electrical science. His most notable recent achievement was the designing of the electric propulsion machinery for the battleships New Mexico and California. He also designed the electrical machinery for the collier Jupiter, the first naval vessel to be electrically propelled.

Infant Sues Car Company for Injury Before Birth

(By United Press)

Omaha, Neb., Feb. 3.—Can an infant cash an injury sustained before birth for \$50,000? Anna Marie Liblin, age four months wants to know. She brought suit against a street car company here charging that her mother received a bump on her head on a street car and the accident was transmitted to her by prenatal influence. The street car company claimed that Anna did not exist until after birth and she had no dealing with the company.

Senator Gronna Would Abolish Grain Corporation

(By United Press)

Washington, Feb. 3.—Senator Gronna of North Dakota, today introduced a bill to abolish the grain corporation and government buying and selling of wheat and terminating the wheat price guarantee.

Senator Gronna declared in introducing the bill that government interference with wheat has cost the farmers two billion dollars. He will urge the agricultural committee to take up the bill at once.

All unrest among the farmers spoken of the other day by officials of the postoffice department is traceable, Gronna said, to government interference with natural laws.

Hearing of Socialist Assemblymen Continued

HAROLD JACOB, (United Press Correspondent)

Albany, N. Y., Feb. 3.—The prosecution, hearing of the five suspended assemblymen was resumed today, sought to show that all degrees of socialism from the most conservative to the most radical, advocates physical force in overthrowing the existing forms of government.

Peter Collins, of Boston, was introduced as an expert on labor and socialist affairs. He expressed the opinion that communism, which admittedly advocates violence, and socialism, which according to Attorney General Palmer, are identically the same.

"Everyone agrees that communism and socialism are the same," Collins said.

Death Hovers Close to Bridal Pair

Kansas City, Feb. 3.—Death, which Glenn Sumerwell, 17, sought for himself and his 15 year old bride of a day, was still close to both of them during the night and early today, but it had claimed neither of them. Mrs. Sumerwell's parents still insist if the girl recovers they will move to have the marriage annulled.

Master Bakers Are Making Big Profits

Baker Delegation of the Federation of Labor, Say Higher Prices Not Warranted

(By United Press)

Chicago, Feb. 3.—Master bakers here are making \$20 to \$22 on a barrel of flour, officials of the Bakers and Confectioners union declared today.

The Chicago Federation of Labor went on record against increase of one cent a loaf which became effective yesterday.

"Bread should decrease instead of increase," the baker delegation declared. "We are the real bakers and we know."

Bookkeeper Disappears Shortage \$10,000

(By United Press)

Chicago, Feb. 3.—Frederick C. Biehl, lead dealer, announced today he will go to Winnipeg to hunt for his pretty bookkeeper, Rose S. Chivebuse, and bring her to Chicago to face charges of embezzlement. He and Joseph Hass declared that Miss Chivebuse, perfect bookkeeper, and Fonda Rose, society butterfly, were one and the same. They left with extradition papers to be used in event Miss Chivebuse resists.

Several days ago Rose was missing from her \$25.00 a week job, and at the same time Fonda Rose, goddess of the younger fashionable set, disappeared from her luxurious apartments. A few days after a shortage of \$10,000 was discovered.

Will Marry Mother of Brothers Illegitimate Son

(By United Press)

Fall River, Mass., Feb. 3.—Guy Spikes, is unchanged in his decision to marry Miss Emily Knowles, the English mother of his aviator brother's baby son, he declared this afternoon in the face of reports that obstacles had arisen which might prevent the ceremony.

It was stated at the home of Mrs. William Battersby, cousin of Miss Knowles, where the girl and her baby, Guy Spikes and Mrs. Perley Spikes, wife of the baby's father, are staying, that no plans for the marriage had been made. When Guy announced that he would return to Boston tonight, Miss Knowles declared she and Mrs. Perley Spikes would accompany him. They refused to say whether Spikes would marry Miss Knowles at Baltimore. He still intends to marry Miss Knowles in spite of the reports to the contrary.

* Practical Farmer and
* Business Man Who Has
* Joined Wilson's Cabinet

Edwin L. Meredith
In choosing Edwin L. Meredith of
Des Moines, Iowa, to succeed David
F. Houston as secretary of agricul-
ture President Wilson selected a
practical farmer as well as a business
man. Mr. Meredith is the editor of
Successful Farming and before es-
tablishing that paper was publisher
of the Farmers' Tribune. He is a
director of the Chicago Federal Re-
serve Bank and the Iowa Trust and
Savings Bank. He ran for governor
of Iowa in 1914 and for senator in
1916 and was defeated. He is forty-
four years old.

* How Many of These
* Questions Could You
* Answer in Court?

Wouldn't it be odd if you had an
accident and you were sued, put on
the stand in your own defense and
the prosecuting attorney asked the
following questions:
1. What is the make of your car?
2. What horsepower?
3. How many cylinders?
4. What kind of tires on each
wheel?
5. What speed can you make?
6. What wheel base is it?
7. How much mileage to a gallon
of gasoline?
8. In what distance can you stop
your car without skidding?
9. What kind of brake lining do
you use?
In 99 cases out of 100 the autoist
can answer unhesitatingly the first
seven questions, but not one in 100
can answer the eighth or ninth ques-
tion.
Then the prosecuting attorney says
to the jury: "I rest my case. This
party knows everything regarding his
car which pertains to his comfort
and economy, but nothing does he
care for the safety of the public. I
ask for a verdict on the ground of
negligence." Now, Mr. Autoist,
wouldn't you be in a fix?
Have your brakes inspected regu-
larly.

First Written Presidential Message.
President Jefferson was the first
chief executive of the nation to read
his message to congress. The event
took place December 8, 1801. Prior to
this it had been the custom, inaugu-
rated by Washington, for the president
to appear in person before congress
and speak his message, reading from
manuscript if he desired.

Language of Grunts.
An Italian missionary to central Af-
rica has found a tribe which uses a
language that cannot be written or re-
corded. The Baccogo tribe has hand-
ed down all its history from gener-
ation to generation by word of mouth
as the language is composed of queer
sounds which to a European ear seem
to be a variation of grunts and gut-
tural noises. No one has yet discov-
ered the means of interpreting these
sounds into letters or signs. The
codes of morals and government are
expressed in proverbs. The motto of
the tribe is: "Wherever man has
passed, misery follows."

CHAIN STORE MANAGER
DO-BOY FOOD PRODUCTS COM-
PANY, operators of chain stores will
open a chain of ten stores in Brain-
erd and adjacent territory. Require
the services of good business man as
MANAGER and SUPERVISOR of all
of them (Young man preferred.)
Previous experience not essential, but
applicant must be competent to han-
dle large amounts of money, hire and
handle help, organize, and check re-
ceipts of stores. Must assume duties
at once, \$1,000 required, fully secur-
ed. The stores offer the public pure
foods under conditions that are meet-
ing with instantaneous appeal, and
both stores and products are taking
the country by storm.
New ideas, new proposition, which
will attract and hold the interest and
approval of every man, woman and
child for all time. Opening of stores
will be heralded by one of the most
intensive advertising campaigns ever
conducted in that section. This op-
portunity will present itself but once
in a lifetime. Five-year contract
based on commission, with earnings
running into many thousands per
year to party with ability to develop
employees, and keep each store striv-
ing to lead. Accepted applicant will
be required to come to Chicago at
once for few days training. Unless
your local reputation is excellent,
and unless you have the money do
not answer. But if you can fill the
requirements outlined, and it sounds
like the position you are looking for,
write or wire.

First Platinum Ingot.
The first veritable platinum ingot
was made by a French chemist, Cle-
ment, in 1783. Charles III of Spain
had called him to Madrid and created
a special chair of mineralogy, physics
and chemistry for him. In his lab-
oratory he found the secret of render-
ing the new metal malleable, and this
is the way he revealed the fact to one
of his patrons: "Three months later
at the home of the count of Aranda
there appeared upon a table an ingot
some 10 centimeters cube (about four
inches), with a beautiful metallic lu-
ster; it was malleable platinum."

WOMAN'S REALM

LEAP YEAR PARTY
OF HOB NOB CLUB

Citizens State Bank Hall Beautifully
Decorated for the Occasion
February 2

LARGE ATTENDANCE PRESENT

Tibbett's Five-Piece Orchestra Played
—Frappe Served—Program
Dance Given

The Leap Year dance and Valentine party given by the Hob Nob club on Monday evening, February 2, was a glowing success, attracting a large attendance of young society people.

The hall was beautifully decorated in white and red with hundreds of hearts suspended. Crepe paper in lattice effect screened the windows and the orchestra, Tibbett's five-piece organization, played half concealed behind a trellis of white and red strung crepe paper.

At the head of the hall, near the ceiling, was the humorous legend, "We Wanna Man."

Frappe was served in a bower in the corner of the spacious hall, those serving being the following little girls: Marvis Robinson, Lucille Nolan, Katherine Quinlen, Marguerite Carmichael.

A program of nineteen numbers and many encores was played. In a favor dance white tissue caps garnished with bows of red were distributed. Another novel dance was illuminated by spotlight.

The girls wore their prettiest party gowns and a large proportion of the gentlemen were in evening dress. Chaperones were Mr. and Mrs. W. H. Gemmell.

Gaarden-Vogel

The wedding of Pearl Vogel and Nels P. Gaarden took place Saturday afternoon at the manse of the Presbyterian church. Rev. W. J. Lowrie officiating.

The bride is a resident of Crosby where she has a wide circle of friends. The groom has a garage there. He was formerly employed by W. E. Lively but left to take up military service in the aviation department. He was wounded three times while in that service.

They were accompanied by two young friends, Richard Vogel, a brother, and Miss Marjorie Shafer who served as witnesses and best man and bridesmaid.

The bride was dressed in a suit of blue poplin. They will make their future home in Crosby.

Catholic Forester Aid

The Catholic Forester Aid will meet with Mrs. J. W. Koop and Mrs. D. M. Clark at the home of the former on Friday afternoon.

BRAINERD WOMEN'S
COMMUNITY COUNCIL

(Contributed)

The Brainerd Women's Community Council held its regular meeting Saturday afternoon, Jan. 31, at Elks hall.

Mrs. R. E. Cody gave, in a very interesting manner, "The Social and Civic Needs of North Brainerd." She described our beautiful winding river, our bird-filled trees, beautiful ravines, lawns and terraces. Brainerd has a city dumping ground, but it is not always used. We need more civic pride and more respect for the property of others. We need more paved streets, but let's keep our unpaved streets clean. We need a crusade against weeds. Brainerd needs more good sidewalks, but they need to be kept clean. Other needs are: better church buildings so built that they may be used as community centers, where our foreign born citizens may be taught Americanism; more homes barns could be rebuilt; well organized Y. W. C. A.; better street lighting, some of our white way need repainting. Mrs. Cody reminded the Council that lights were cheaper than police and daughters were worth more than dollars, and would be safer where streets were well lighted.

Mrs. E. A. Cook gave a discussion of the milk situation and her experience with a milk substitute.

Mrs. W. C. Cobb explained the World Service Program of the Y. W. C. A.

Mrs. J. M. Hayes gave "The Social and Civic Needs of South Brainerd." In her talk Mrs. Hayes brought out the needs of the young people. Skating rinks, hills and warming places are needed. South Brainerd needs paved streets, sewers, walks and lights.

Mrs. Herbert gave a short talk describing some of the improvements she had noticed since she gave her talk "The Social and Civic Needs of N. E. Brainerd," at the Council's last meeting.

These interesting talks were followed by the usual business meeting of the Council presided over by Mrs. Rasch.

Dinner Parties

As the dance of the Hob Nob club was a real Leap Year Valentine party with the young women exercising all the prerogatives which in other years are exclusively a young man's delight, there were many dinner parties following the dance.

At the Ideal Hotel a special dinner of five courses was served near midnight. The spacious dining room was entirely occupied by young couples, each lady acting as escort and entertaining her gentleman friend.

SABLE SET IS FUR LUXURY

Quite the last word in fur luxury is this gorgeous and winsome set of sables, now a prime season favorite.

St. Paul's Guild

The Ladies' Guild of St. Paul's Episcopal church will be entertained by Mrs. W. H. Crowell and Mrs. Joseph D. Golemboske at the home of the former, 320 North Fourth street on Wednesday afternoon at 2:30 o'clock. A large attendance is desired.

First Methodist Aid

The Ladies' Aid of the Methodist church will be entertained in the church parlor Wednesday afternoon at 3 o'clock, by Mrs. C. H. Paine and Mrs. Edw. Anderson. Visitors are welcome.

Birthday Party

The seventh birthday of Geraldine Anderson, daughter of Mr. and Mrs. Torval Anderson, 508 North Ninth street, was celebrated Monday and seven of her playmates were present, showered her with gifts and had luncheon.

Buzzards.

Buzzards are found all over the South and Southwest, in the West and in the central states. They seldom go as far north as Canada, however. They congregate in large flocks and, when on the ground, perch in clumps of earth, little hillocks, or on rocks and the like. If they alight in a tree they line up on the limbs, their heads drawn down on their shoulders, and their entire attitude one of melancholy and dejection. Their eyesight is remarkable for its keenness, and on the plains or in the Florida everglades they can discern carrion for a long distance. They circle high overhead when they sight a man dying of thirst on the plains, or see a wounded animal struggling along, and the moment the man or the animal drops they shoot down from the sky, perch on the body and begin their horrible feast. The birds eat until they can hold no more, then disgorge what they have eaten, and begin all over again.

FROCKS FOR GIRLS

Suggestion for Two-Fabric Dress
for Spring Wear.

Outfit May Be of Silk or Wool With
Panel of Plain Velvet; Embroidery Optional.

The sketch offers a suggestion for making a two-fabric frock for a little girl of six or eight years, or the panel idea may be employed in making over a last season frock. The dress may be of silk or wool fabric with panel of plain velvet, or the dress proper may be of plaid with plain panel. The use of embroidery or braiding as an extra trimming touch is, of course, optional.

Spring dresses for little girls are now being bought up by all the shops in anticipation of the early demand for them, as the average mother attends in advance to the wardrobe of her small daughters, buying or making nearly all the clothes that will be needed during the coming spring and summer. In the first showing of little checked gingham frocks an exceptionally smart model shows a straight line dress with elbow sleeves dignified by a scarf of self fabric attached to the back of the collarless neck and drawn to the front, sweater scarf fashion, the whole being held in to the figure by a little black patent leather belt. The material used for the dress was red and black checked gingham. Touches of black braiding were used as trimming.

Cotton materials, such as gingham and rep, that are used in generous quantity in the development of children's dresses are very high in price at present, so that any dress, whether made at home or purchased ready to wear in the shops, will cost three or four times as much as it would a few seasons ago.

Short sleeves are shown in nearly all spring and summer dresses, whatever the material. A very attractive trimming touch is the use of tailored

Panel Frock for Little Girl.

points or scallops on the many ruffles used, both on skirts and sleeves of the frocks.

The popularity of velvet is the real feature of midwinter apparel for young girls and children. Another feature is the tendency to follow in general line the styles developed for grown-ups.

HINTS TO HOUSEWIVES.

Keep piece of charcoal in refrigerator. Everything will keep sweet. Soaking potatoes 15 minutes in cold water before boiling makes them mealy.

Straight hanging dresses are the most satisfactory for working about the house.

If alum is added to the paste used in covering boxes with paper for scrapbooks, moths or mice will not invade them.

To remove marks made by placing hot dishes on a polished table, rub well with turpentine. Leave this on for some time, say half an hour, then polish and the marks should have quite disappeared.

When the wall paper happens to need a patch and the new paper is conspicuously bright compared with the old, hang the new piece in the sunshine, watch closely, and you will find that it will soon sun-tone to match the old paper. You may then patch your wall and the patch will be hardly noticeable.

Oil Cloth as Trimming.

Oilcloth is the latest addition to dress trimmings in Paris. The gloss of waxed ribbon proved so alluring that fashion, has gone one better than waxed ribbon and provided oilcloth. Strappings and motifs of it are incorporated with embroidery and silk stitching on costumes of satin, broadcloth and velours, and the effect is not half as bad as it sounds.

The
Doctor Says:

"You Never See Aged Fat People"

The physician is telling these two patients, each of whom feels "more or less upset most of the time," that if they reduce their weight they will become healthier, more contented—and longer lived.

Overstoutness imperils the health in many ways. The accumulations of adipose tissue, packed around the vital organs, cause serious disorders, one of the most dangerous being the liability to sudden HEART FAILURE. If you are corpulent, you know the strain upon your heart, particularly when compelled to undergo some unexpected activity. Your life is no stronger than your heart. Don't risk untimely death. Ask any physician what this means!

REDUCE WEIGHT HAPPILY!

Fat people are often victims of apoplexy, collapse from heat or sunstroke. The risk of accidents is greater than among persons of normal weight. When fat people become ill from almost any ailment their risk of death is greater. And you want to live!

Adiposity dulls the mental as well as the physical processes. It impedes progress toward social, or professional, or business success. It is the foe to efficiency, symmetry and personal beauty.

Become slender! Do it by the best self-treatment in the world. Follow the pleasant and inexpensive

Korein system by taking OIL OF KOREIN and applying the simple seven directions to your own life. Easy and satisfying. No thyroid, no salts, no extreme diet all you need, no tedious exercising. The Korein system is a delight to overcast persons who have the ambition and good sense to reduce their size.

Obtain Oil of Korein in any busy drug store. The directions of Korein System are company it; also the \$100.00 GUARANTEE that you will reduce 10 to 60 lbs., or more whatever you need to, or your money refunded without hesitation upon your request, as specified. This is the greatest weight reduction treatment that you have been seeking!

BECOME SLENDER NOW!

Weigh yourself and use the tape measure before starting. Keep a record of your reduction from week to week. Listen to the pleasant remarks of your friends when they observe how much more attractive you are becoming. If you have been refused life insurance because of your excessive fatness, you may soon be accepted as a "good risk."

Sparkling eyes, sprightly step, keenness of mind, supple, symmetrical figure, virility, vitality—worthwhileness in life—await you! Adopt the delightful Korein system. Make the start to-day. Add years and happiness to your life.

AT DRUGGISTS' OR BY MAIL

If you prefer to obtain Oil of Korein from us, rather than at the druggist, send \$1 cash money order or stamps to KOREIN COMPANY, Inc., 146 East 32d St., New York, N. Y.

NORTHWEST NEWS

(By United Press)

Minimum Wage Schedules

Minneapolis, N. D., Feb. 3.—The third of the series of hearings by the state workmen's compensation board to determine the minimum wages for women and minors will be held here today.

Other meetings scheduled are: Valley City, Feb. 6; Fargo, Feb. 10; Grand Forks, Feb. 16; Devils Lake, Feb. 19; Minot, Feb. 25; Williston, Feb. 28.

Employees and employers may appear before the board and protest or comment upon the recent recommendation of Miss Hazel Farkasch, secretary of the women's minimum wage commission of the bureau, that the minimum must not fall below \$15.50 a week.

Miss Farkasch, after investigating 327 establishments in 30 towns of 500 population and over in the state compiled figures to show that a woman cannot live on less than \$15.50.

Moral conditions surrounding women workers were found, on the whole to be good, only two specific instances of immoral conditions having been found.

Ninety-two employers were violating the eight hour law. None of the ten hospitals visited observed the six day week.

TUESDAY, FEBRUARY 3, 1920

OUR HEALTH OFFICER

Dr. C. S. Reimstad, city health officer, has offered his resignation to the council. The council did not accept it, but referred it to the mayor, F. E. Little.

As matters stand in this commonwealth, the state defines the duties of a health officer and they are many and varied especially when sickness is present.

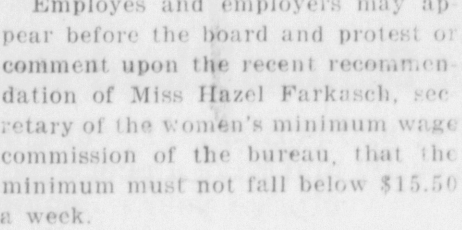

You must get this point. The state defines his duties, the council or village board sets his salary and oftentimes the state knows not how much the health officer receives as his stipend and the council has no idea of the multimillion duties and labors of the officer.

In recent years the state board of health clothed with police powers demands and receives a multiplicity of reports from health officers of various towns which would keep a stenographer busy in each town and extra help necessary to report on.

Dr. Reimstad has performed his duties in an upright, courteous manner and deserves retention at an increase of salary. At present he is paid \$50 a month and that means but a little over \$1.50 a day for expert professional service ungrudgingly given any hour of the day or night, regardless of any time schedule or whistle blowing.

Novel Use for Map.

A small girl clothed in a missionary map of the world made an unusual spectacle among the war refugees in Persia. Her mother had picked up somewhere a big square of cotton cloth—probably on the premises of the American Mission at Urumia, where many thousands of refugees were sheltered during the massacres, and, not knowing what it was, made out of it a dress for her child. The result was that one morning the relief worker at Bagdabad were startled by the appearance before them of a tiny form labeled in large black letters, "Missionary Map of the World."

Scene From "Flo-Flo"

E. D. Roth, secretary; E. J. Vaux, treasurer; and A. E. Baker, superintendent of show room.

The exhibition will close Feb. 6.

AMUSEMENTS

At the Best Tomorrow

Does God love the Irish?

He does—the Irish of the type of Olivetta, because they meet whatever is sent to them with smiles on their faces.

She is Mrs. Jack Pickford, one-time Olivetta Duffy and known to all the world as Olive Thomas. To this city she will be known still better as the star of "The Spite Bride," the Selznick Picture, which photocomedy is coming to the Best theatre tomorrow.

She is Irish—all Irish—and has joyously "kidded" her way through life. Like a heroine in one of Rupert Hughes' novels, she makes you think of a magnet in a world of steel filings.

A few years ago Olive Thomas, then a little girl not old enough to vote, started life as a stock girl at \$3 a week in Horne's Department Store, Pittsburgh, and her first week's wage was the biggest thing that had come into her young life.

She was in short dresses, with her hair down her back, when she was made a salesgirl in gingham, and went around bragging about how lucky she was to be "the youngest saleslady at Horne's."

"I am a good judge of gingham to this day," she says. "No one can put anything over on me in that line." Indeed, you get the impression that any one who tries to put anything over on her in any line is in for defeat.

"My ideal of those days was Miss Milligan, the head of the gingham. She was small and cute, and to be like her some day was the hope of my childhood."

Her first great adventure was a visit to relatives in New York City. There was bitter mixed with this sweet, for she set forth thrilled with dreams of the joys she was going to have in the city, only to arrive when it was in the grip of the worst blizzard of several winters. For days that seemed months to her she was snowed in her aunt's home. When she did get out, she made up her mind to stay in New York.

"It gripped me as it has gripped its other millions," she said. She found something to do. "It was not long before I began posing for photographic art studies and later for artists."

It was wonderful pay for me—fifty cents an hour. She has posed for Harrison Fisher ("you can say I adore him," teasingly), Penrhyn Stanlaws, Haskell Coffin and other famous painters.

"How," she was asked, "did you get started with Ziegfeld?"

"I just went up there and asked them for a job," she answered.

"No letters of introduction or anything?"

"No; I just went up and asked for a job and got it. I didn't do much at first—just posed around, standing in boxes and frames while some one sang songs to me."

At the Best Tonight

Patrons of the Best theatre believe they saw one of the best pictures King ever directed last night.

Scene From "Flo-Flo"

with William Russell in "Hobbs in a Hurry."

It is a high-speed journey of laughs, thrills and suspense—with more laughs. People were out of breath and laughing when the picture was finished. "Big Bill" the star, certainly developed some speed. It is one of the breeziest comedies that ever struck Brainerd.

Viola Dana at the New Park Today

"Please Get Married," the Screen Classic, Inc., production of the successful Broadway stage comedy of honeymoons, starring dainty Viola Dana, has been booked as the attraction at the New Park for today and tomorrow, and the management assures its patrons of entertainment of the most amusing kind. "Please Get Married," by James Cullen and Lewis Allen Browne, was one of the hits of the season when it was produced in New York by Oliver Morosco, and all of its mirth-provoking qualities have been transferred to the screen.

Miss Dana is ideally suited for the role of Muriel Ashley, the timid young wife in "Please Get Married." In the delicious situation of a wife, but not a wife, she distills every drop of comedy and clever naughtiness with which the play is surcharged.

Found It Somewhat Depressing.

I had taken little nephew with me to a funeral at the home of one of our neighbors. He was very quiet during the music and singing and subdued weeping of the mourners, but gave a sigh of relief when the services were over. On our way home he looked up at me and remarked: "It wasn't a very lively party, was it, auntie?"—Chicago American.

BEST THEATRE

Today

William Russell

AS "HURRICANE HOBBS"

In the cyclonic six party comedy-drama produced by William Russell Productions, Inc., "Big Bill" Russell tearing through all obstacles at 100 miles per minute. As "Hurricane Hobbs" he rides the deck of the California Limited in evening clothes for five days—swaps positions with the Pullman porter—secures title to a gold mine—puts one over on his father's rival—and marries that rival's daughter just to wind things up pleasantly. A sure-fire hit in six smashing parts.

COUNCIL HAS A REGULAR SESSION

Resignation Read of Dr. C. S. Reimstad of Health Board, Referred to the Mayor

ESTIMATE ON NEW LIGHTS

Policemen, Fire Truck Drivers and Janitor Petition for an Increase of Wages

All members of the city council were present at the first regular meeting of the month Monday evening, except Aldermen Michael, Rasch, Hagedahl and Cordes.

It was pay day for the aldermen and they drew their quarterly stipend of \$12.50 each.

Resignation Health Officer

The resignation of Dr. C. S. Reimstad from health board service, was read. It was not accepted, but referred to the mayor, F. E. Little, for consideration.

The report of the health nurse, Miss Ethel Beyer, for the month of January, was read and filed.

New Street Lights

The water and light board submitted estimates on the cost of installing street lights at three locations in Northeast Brainerd, Eighth and Maple, Tenth and Ash, Ninth and Elm, at a total of \$396.32. Of this amount the biggest cost was \$245 for 700 feet of No. 6 W. P. wire at 35c a foot. Other contributing costs were \$58.56 for labor, \$30 for three poles, and \$30 for three lamps and globes.

Petition From Farmers

A petition was presented by E. G. Roth, county agricultural agent, in behalf of numerous farmers who asked that the city scales be kept open at the noon hour. Nothing was done with the petition, some of the councilmen saying the custodian certainly had to have time to eat his dinner at noon.

Ask For Wage Increase

A petition was received from policemen, fire truck drivers and janitor asking for an increase in pay. It was referred to the finance committee. It was stated at the time that the new budget would provide for an increase.

On motion of Alderman A. G. Anderson and Koop, carried, \$1,200 is to be transferred from the general fund to the public safety fund.

New Water Meters

At 7:30 o'clock Friday evening, February 6, council members will meet with the water and light board and observe the action of the new water meters.

Street Sprinkling

Street sprinkling for next year was considered. To the street committee, city engineer and city attorney was referred the petition of L. Bourassa to sprinkle for \$150 this coming season, April 15 to November 15, street intersections at Sixth, Seventh, Eighth, Front and Laurel streets.

New System Street Lights

The following communication was read:

"The water and light board has had under consideration the replacement of the present are lamps of another type, especially a type less expensive in upkeep and more efficient. Several types of street lamps have been examined and the lamps now chosen will give efficient service and will be much more dependable. No more will delicate expensive rectifier bulbs be required, it being these that have caused so much trouble.

"The board, realizing that a rapid change in the service is a necessity, has placed an order for 90 Cutter street lights and as the cost will be in excess of \$500, we ask that you ratify our action by passing the necessary resolution as required under Section 137 of the city charter."

No action was taken.

Inspect Basements

For purpose of better fire protection, Alderman Lyons moved, seconded by Alderman Koop, carried, that basements in the business section be inspected every month by the city engineer and chief of police.

Other Matters

Routine bills were allowed and ordered paid. The matter of grading at Quince and Third streets was referred to the aldermen of the first ward.

Capt. Erick Graff, reporting the purchase of handcuffs, was ordered reimbursed.

MRS. MARIE SWANSON DIED IN THE WEST

Former Brainerd Pioneer Removed to Butte, Montana, 15 Years Ago and Lived With Son

CANCER CAUSE OF HER DEATH

Son Charles Swanson in Early Days of Brainerd Conducted the National Hotel

Mrs. Marie Swanson, formerly of Brainerd, a widow aged about 80, died at the home of her son, Charles Swanson, from cancer, the end coming Monday morning. Mrs. Swanson was a pioneer of Brainerd. Her husband was a well known milkman, preceding her to his reward about 27 years ago.

She had one son, Charles, with whom she made her home in Butte, Mont., remaining there about 15 years ago. In the early days of Brainerd he conducted the National hotel here.

Mrs. Swanson was a patient sufferer and the last three months of her illness was confined to bed. The remains are to be sent to Brainerd and will arrive here Thursday morning. Friends may view the remains at the Swedish Lutheran church Thursday from noon until 2 o'clock, the hour of the funeral. Rev. E. A. Cooke, pastor, will officiate at the services.

REV. E. A. COOKE

Preached Sunday Evening on the Theme: "The Advantage of Being Freed from Sin"

At the Methodist church Sunday evening, Rev. E. A. Cooke preached a very clear and striking sermon on "The Advantage of Being Freed from Sin." Taking as his text the question in Job 35, 3. What advantage will it be unto me and what profit shall I have if I be cleansed from my sin. This question is asked just as often and with as much seriousness today as it was in Job's day. The man who asks this question admits three things.

1. He admits there is such a thing in the world as sin.
2. He admits that it is a thing to be cleansed from. That it is something not essential to life and which there is at least a possibility that the life may be better without it.

3. He admits that he has it. For he asks "What advantage—if I be cleansed from my sin?" It is likened to discord in music. The instrument to fulfill its function must be put in tune. So sin causes the discords of life. Sin is like dirt in machinery that causes the bearings to wear and heat. It causes wearing out and friction and breaking down of life. Sin is like disease in the body. It preys upon the vitality and makes one less able to run life's race or fight life's battles.

As the organ must be put in tune, as the machinery must have the bearings free from dirt and the engine free from knocking, and the body free from disease that they may perform their rightful purpose, so must the soul be free from sin that it may fulfill its God-given destiny.

Much is sometimes said about the awfulness of death and hell. The awful thing in the world is sin. Sin is the curse of the world, not Hell.

ONLY ONE FAMILY

Coming From Little Falls, Head of Same an Expert on Lath Mill Work

There is but one family removing to Brainerd from Little Falls on account of the new lath mill in Brainerd and the head of that family is an expert lath mill man to work in the new Mahlum Lumber Co. lath mill.

All other help will be gained from Brainerd and if the men are not efficient at the start they will be given the training necessary to fit them for the work.

Accordingly the mill will be a benefit to labor of Northeast Brainerd and the city and to the farmers as well.

LONG LAKE MUTUAL INSURANCE COMPANY

Annual Report is Filed by Secretary Henry M. Bouck, Shows Increase in Business

COVERS CROW WING COUNTY

Officers Elected Pres. G. S. McCulloch, Secy. Bouck, Vice Pres. Lake, Treas. Frank Fredstrom

The annual report of the Long Lake Mutual Insurance Co. has been compiled by Henry M. Bouck, secretary. Officers elected were President G. S. McCulloch; Vice President George D. Lake; Secretary, Henry M. Bouck; Treasurer, Frank Fredstrom. The directors include G. S. McCulloch, Frank G. Fredstrom, Henry M. Bouck, G. D. Lake, George Fruth, R. E. Phillips, Leon Meyer, Charles Barrett and Clarence B. Converse.

Losses during the year past were the house of William Miller burned in Crow Wing township, insurance \$510; the house of Owen Peaslee burned near Merrifield, insurance \$525; the house of J. W. Hillyard burned just out of Brainerd, insurance \$360; the lightning loss of R. N. Potter, barn struck in Long Lake township \$10; lightning loss of Roy Larson, Oak Lawn township, barn struck, \$5. There were all paid in full.

The company by voluntary subscription paid the Moose Lake fire sufferers \$446.32.

The amount of insurance in force at the end of the year 1919 was \$690,894, covered by 446 policies. During the year 116 were issued amounting to \$193,638 and 90 with a value of \$99,178 expired. At the close of business in 1918 the company had 420 policies carrying \$596,434 in force.

The insurance company covers Crow Wing county.

In the annual statement appears these details:

INCOME DURING 1919

Cash received as first payment on policies issued during the year	\$ 487.81
Cash received from assessments levied during the year	1,247.60
Cash received from assessments levied during previous years	234.52
Total	\$1,969.93

Total cash including balance on hand from previous year \$3,289.06.

DISBURSEMENTS DURING 1919

Paid fire sufferers Moose Lake district	\$ 446.32
Paid losses incurred during the year	1,410.00
Return premiums paid to policy holders	8.25
Paid agents for adjusting losses	24.00
Paid president	30.25
Paid secretary	200.00
Paid treasurer	43.39
Paid postage	21.42
Paid for printing	7.59
Paid office supplies	4.66
Paid insurance department fees	2.00
Paid livery hire	5.00
Paid State Association	5.00
Secretary's expense attending State Association	12.33
Total disbursements	\$2,221.12

Actual cash balance on hand at the end of the year \$1,067.94. Other assets including unpaid assessments \$290 and safe, books and stationery \$100, bring the total assets of the company December 31, 1919 to \$1,467.94.

FAREWELL PARTY

To be Given Wednesday Evening at Chamber of Commerce for Retiring Secretary

A farewell party will be given Wednesday evening at the Chamber of Commerce for Fred T. Lincoln, the retiring secretary, soon to leave for Billings, Mont. The evening's entertainment will include a smoker and lunch and will be in charge of the new house and social committee. Members and their friends are cordially invited to attend.

ISSUES CHALLENGE

Kid Jackson, 145 lb. Man, Wants to Wrestle Any One in Brainerd Up to 160 Lbs.

In a letter to the Brainerd Dispatch Kid Jackson of Minneapolis writes he is coming through Brainerd soon and would like to meet any man up to 160 pounds in a wrestling match. Jackson weighs 145 pounds and uses his own mat.

He claims the waterweight championship of the southern states.

CIRCLES LIVELY

Rebekah Lodge Initiated a Class of 17 This Week, to Inaugurate Soon to Institute Lodge

ENCAMPMENT ON WEDNESDAY

Initiatory Degree to be Conferred to a Large Class on Wednesday Evening This Week

Odd Fellow and Rebekah circles are busy ones these days.

The Rebekah lodge on Monday evening initiated a class of 17. Refreshments were served after the ceremony. The degree team will assist the grand lodge by assisting to institute soon a Rebekah lodge in Ironton.

The Rushworth Encampment of the Odd Fellows is gaining many new members and will shortly this week exemplify degrees.

On Wednesday evening Unity lodge of the Odd Fellows will admit a large class, giving the initiatory degree.

HONOR CHURCH TREASURER

Swedish Baptist Congregation Pleasantly Surprised George Thon on His Birthday

A pleasant surprise was given to George Thon on his birthday Monday evening at the home, 509 3rd Ave. N. E., by the Swedish Baptist church congregation and friends. About seventy-five were present.

The following program which was very much appreciated by all present was given: Opening and closing prayers by deacons, Gust Magnusson and Aug. Anderson; piano duet, by Mrs. P. A. Peterson and Ruth Gustafson; vocal solo, by Rev. Peterson; flute solo, by Axel J. Anderson; song by the male quartet; duet, by Mrs. A. E. Thon and Nels Anderson.

The presentation speech was given by Rev. Peterson. This speech, however, was somewhat out of the ordinary as Mr. Peterson read a poem written by himself especially for the occasion. When the program was over and the valuable present received, Mr. Thon spoke briefly of the surprise indeed and of his appreciation for all this kindness shown him.

Besides other important offices, Mr. Thon is holding the church and Sunday school, he has been treasurer of the church for the last fifteen years. Dainty refreshments were served after the program.

The Swift Year Book is Out
Send for Your Copy

Swift & Company was a favorite topic of conversation last year.

Committees investigated it, commissions attacked it, law makers threatened it, many condemned it.

Presently people began to think about it; began to realize that Swift & Company was performing a necessary service in a big, efficient way; began to wonder whether it could be done as well in any other way.

Read what Swift & Company did last year, and what it meant to you, in the Swift & Company Year Book, just issued.

It's a fascinating narrative—simple facts in simple words. There is one ready for you. Send for it.

Ancient Town Rearises.

Dodengatch, derives its name from a monastic community of dervishes belonging to the Dede sect, who settled there in the fifteenth century, soon after the capture of Constantinople. This little town, which but a few years ago, was a hamlet composed of fishermen's huts, has now quite eclipsed the Homeric Epos in commercial importance. Railway construction gave enhanced value to an unsafe harbor, and made more accessible a large neighboring forest of the valonia oaks from which we get our best tanning materials. It is supposed to occupy the site of ancient Zone, the place to which, according to classical poets, the woods followed Orpheus when set in motion by his wondrous music.

EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

Lasting Respect

We have always entertained a deep and lasting respect for the man who serves faithfully and graciously. We know that others feel the same way about it.

ADDED TO ROLL OF HONOR

Soldiers Reported "Missing in Action" Have Been Classed as "Presumed Dead."

According to The Home Sector there are still between 250 and 300 members of the American front line army still unaccounted for.

In speaking of this war mystery of missing men the ex-soldier's magazine says: "Soldiers who go into battle are like men who go down to the sea in ships. There are those who return and those who do not, those who live and those who die. And then there are those who dwell for years in a twilight zone of uncertainty, neither life nor death, from which no word ever comes back to the shores called home."

"A few weeks ago the newspapers of the country announced that there were no more members of the A. E. F. 'missing in action.' The only reason they are not missing in action is that they have been 'presumed dead.'"

"There are still between 250 and 300 members of the American front line army unaccounted for, who, carried on the rolls for months and months as missing in action, seem to have disappeared from the battle field as if by the wave of a magician's wand, leaving neither the ripple of a rumor behind them, the testimony of an eye, nor a footprint in all the paths of the world."

"They are the irreducible minimum of the 50,000 lost, strayed or stolen men that the A. E. F. carried on the morning of Nov. 12, 1918, as missing in action. To guard against injustice to their relatives or friends, the war department has ordered that from henceforth they be carried as 'presumed dead' instead of 'missing in action,' in order that their war risk insurance benefits may be paid. That in brief explains why the American army as it stands demobilized today technically has no 'missing in action.'"

Little People Do.

Anita's mother had left her with her aunt for the first time. For awhile it was not difficult to keep her mind occupied, but she finally grew restless and said: "Auntie, when people feel real bad, do they cry the same way they do when they're just awful mad?"

Catarrhal Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube returned to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's "Cure" Medicine acts thru the blood to the mucous surfaces of the system.

Every Case of Catarrhal Deafness cannot be cured by Hall's Catarrh Medicine. Circulars free. All druggists, 75c. F. J. Cheney & Co.,

WILSON GAINING, BUT NOT RAPIDLY

PRESIDENT STEADILY RECOVERS STRENGTH, MAINLY THROUGH VERY GOOD NURSING.

HELPED A LOT BY HIS WIFE

For Weeks He Has Attended to the Public Business—Will Be Able to Participate in Campaign, Thinks Admiral Grayson.

By JAMES P. HORNADAY.

Washington.—While President Wilson is still making progress toward complete recovery, the progress is not rapid. His convalescence has now extended over a period of three months. He has not yet left the White House grounds, but Admiral Grayson, his physician, plans that he shall begin taking automobile outings as soon as the weather conditions improve. As the days come and go he is doing a little more work. For nearly two months he has been signing all the documents that required his signature, and during this period of time the executive office has sent over to his rooms in the White House practically all the business that would under ordinary circumstances be referred to him, and he has given it proper attention.

Throughout the period of convalescence, Mrs. Wilson has been of great assistance to the president. She has helped him to the documents of unusual length requiring his attention and has done this to save his eyesight from strain. It has been Mrs. Wilson, too, and not the attending physicians, who all these weeks has determined on how much business should be presented to the president and she is the one person who has protected him from many persons who would otherwise have drawn on his limited strength through calls and talk.

During the first stages of the president's convalescence he was moved about the floors of the White House in a wheel chair. Even after he was able to take the fresh air of the south portico the wheel chair was used. As he gained strength the chair was used less and less, and for the most part he now moves about the White House and the lawn south of the building with the help of a cane.

Now Regaining Strength.

The truth is, as the country now pretty well understands, the president passed through an illness that left him with but little reserve strength. The fact that it has taken so long for him to get back enough strength to enable him to walk about the White House and the White House grounds is, of course, evidence of itself of the extremely weakened condition in which the collapse left him.

Admiral Grayson is convinced that in good time the president will completely regain his strength. The other day when some interested politicians sought out the admiral and inquired of him whether the president would probably be able to participate in this year's presidential campaign in an active way, whether he would likely be able to make speeches in various sections of the country, the admiral said that he had no doubt Mr. Wilson would be physically able to do that very thing, though, of course, he had no information as to whether he would do it. This is cited to show the optimistic view held by the president's physician.

So far as the business of the executive department is concerned, it has at no time suffered to any considerable extent by reason of the president's illness. During the weeks when he was not able to transact business, each cabinet officer went ahead on his own initiative. The enforcement of the rule against permitting the president to receive callers except the business he is extremely pressing, interfered, of course, to some extent with the normal transaction of business.

His Daily Routine.

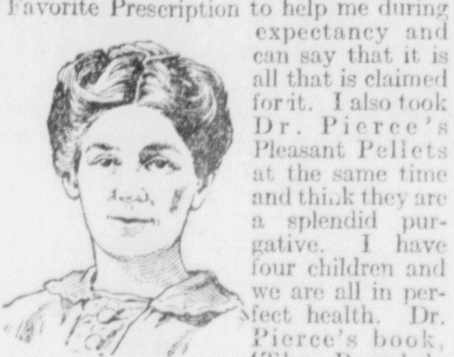

Only two or three of the cabinet members have taken up business with the president since his illness came on, and altogether not as many as twenty-five public men have been permitted to visit him on business missions. It will not be long, however, according to Dr. Grayson, until the president will be able to go over to the executive office daily from the White House proper and there receive a reasonable number of callers.

The daily routine of the president now is about this: He appears in his chair a little after eight o'clock in the morning ready for a hearty breakfast. Following breakfast Mrs. Wilson takes up with him the business that has been sent over from the executive office by Rudolph Forster, the executive secretary. After about two hours' work he goes out on the south portico regardless of the weather. If the weather is at all decent he takes a short stroll in the grounds adjacent to the White House. After luncheon at one o'clock he again sits down with Mrs. Wilson and devotes two or three hours to the public's business. No work is attempted after dinner. Mrs. Wilson or his daughter, Miss Margaret Wilson, usually reads to him. Dr. Grayson drops in at least once a day to note his patient's progress. The expert medical advisers from New York and Philadelphia have not called for about six weeks. The president's recovery is due in the main to good

WHEN THE DAY IS OVER

When the household cares and the worries of everyday life have dragged you down, made you unhappy, and there is nothing in life but headache, backache and worry, turn to the right prescription, one gotten up by Dr. Pierce fifty years ago, called Dr. Pierce's Favorite Prescription.

A Prominent Minnesota Woman St. Paul, Minn.—"I used Dr. Pierce's Favorite Prescription to help me during expectancy and can say that it is all that is claimed for it. I also took Dr. Pierce's Pleasant Pellets at the same time and think they are a splendid purgative. I have four children and we are all in perfect health. Dr. Pierce's book, 'The People's Common Sense Medical Adviser,' has been a great help to me in bringing up my family. I gladly recommend Dr. Pierce's remedies to those who need them."—Mrs. A. J. Allen, 343 Walnut St.

Common Sense Medical Adviser, has been a great help to me in bringing up my family. I gladly recommend Dr. Pierce's remedies to those who need them."—Mrs. A. J. Allen, 343 Walnut St.

Doctor Said She Would Not Live

Fert Dodge, Iowa.—"At one time my daughter was very nervous and run-down in health. The doctor said she would not live a year. Before she had finished taking a bottle of Dr. Pierce's Favorite Prescription her health was fully restored. 'My mother took the 'Prescription' about twenty-five years ago for general weakness and she was cured. I always recommend it.'—Mrs. Moulton, 320 20th St.

His Family Held Hostages By Trotsky, General is Sent to Conquer Poland

General Alexei A. Brusiloff

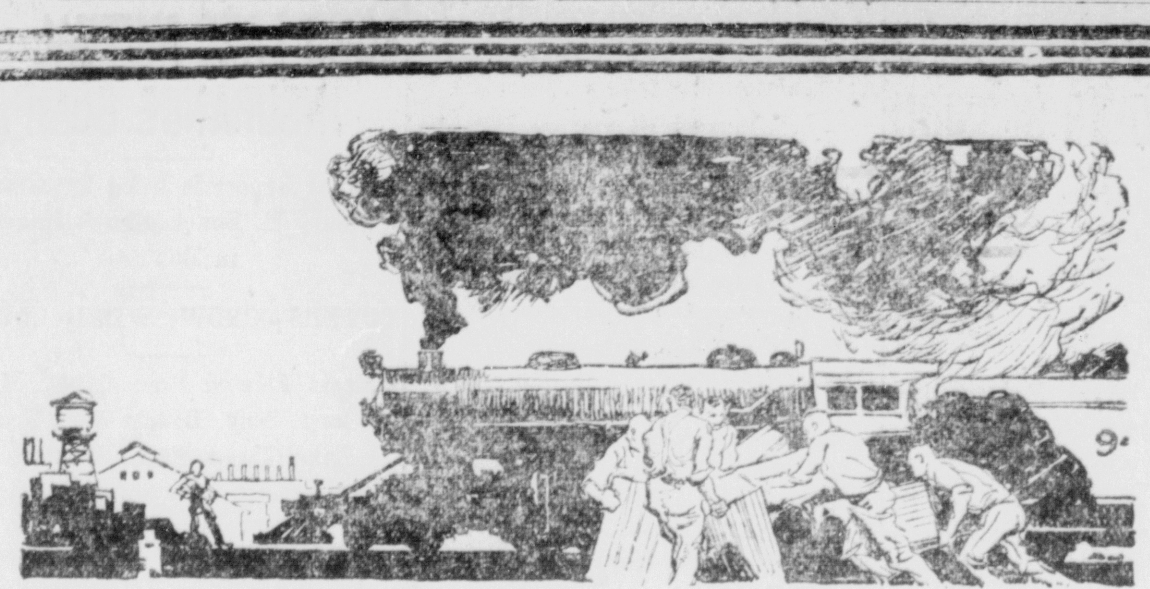

His family held as hostages, General Alexei A. Brusiloff, whose brilliant strategy on the Southern Russian front almost brought disaster to the Austrians and Germans in 1916 has been placed at the head of a great army by Trotsky to direct the "Reds" campaign against Poland. Trotsky has mobilized 8,000,000 men and perhaps 2,000,000 are available under the leadership of General Brusiloff. His influence had been powerful in the overthrow of the czar and he tried to uphold the Kerensky government. He was in command of the army which struck the final blow at the German front. The beginning was brilliant but his army disintegrated under Soviet influences. Despatches from Warsaw, stating that members of General Brusiloff's family are held as hostages, indicate that they are in danger if his campaign against Poland fails.

Moulting Time for Moose.

Moose drop their antlers from December 15 to January 15, as a rule, though a few aged ones may retain these ornaments until February. Old hunters say that they could go out in the woods to certain spots favored by the moose at horn-shedding time, and pick up a hayrack of fine antlers in a forenoon 50 years ago, though they have not been so plentiful of late. The moose antlers will keep for an indefinite period when housed and removed from moisture, but they fall to pieces very fast when left in the woods. Those shed in the winter remain firm until spring, but as soon as warm weather arrives a small horer gets into them and reduces them to a fine powder in a few weeks. Though thousands of antlers are dropped in the forests every winter, few hunters ever find one the next summer.

Fresh-Air Fiend.

Katie wanted very much to go outside the yard, which was inclosed with a wire fence and gate. By and by she ran into the house and said: "Oh mother, if I cannot go outside, can't I just leave the gate open to let in a little fresh air?"

Carrying a Ton a Mile for less than a Cent

Freight rates have played a very small part in the rising cost of living.

Other causes—the waste of war, under-production, credit inflation—have added *dollars* to the cost of the necessities of life, while freight charges have added only *cents*.

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for \$30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 16½ cents.

Now the freight charge is 22 cents and the suit sells for \$50.

The cost of the suit has increased 20 dollars.

The freight on it has increased only 5½ cents.

Other transportation charges enter into the cost of the finished article—carrying the wool to the mills and the cloth to the tailors—but these other charges amount to but a few cents more.

The \$10 pair of shoes that used to sell for \$5 goes from the New England factory to the Florida dealer for a freight charge of 5½ cents—only one cent more than the pre-war rate.

Beef pays only two-thirds of a cent a pound freight from Chicago to New York.

American freight rates are the lowest in the world.

Those desiring information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York

Cooked and Uncooked Food.

Some one with an analytical turn of mind long ago differentiated man from other animals as "the cooking animal," and if we may believe the Greek legend, it was Prometheus who stole fire from heaven with which man might cook. Yet so far as man's diet is concerned, if we may believe many writers on dietetics, Prometheus made a mistake and shortened the lives of men by making the kitchen range possible. They hold to the theory that man should, like the other animals, eat his food raw and uncooked, and then the span of his years would lengthen far beyond the threescore and ten assigned to him by the psalmist, and centenarians would be as plentiful almost as blackberries in summer time.

HAVE YOU STOMACH TROUBLE

READ THIS

"I have had stomach trouble for twenty years and have tried several remedies, but they did me no good and I have doctored with physicians for ten years. I have taken three bottles of Marlix and it has done me more good than anything I have ever taken. Since I have taken Marlix I sleep well and can eat anything without hurting my stomach."—Mrs. E. H. Gaskill, Fort Wayne, Ind.

"I find that Marlix has done me more good than any doctor. I have been having sour stomach for two years and Marlix is curing me."—Mrs. Ollie Ledford, Greenback, Tenn.

If you want to be free from headaches, sour acid stomach, gas, belching, bloating, heart palpitation, nervousness and other distress you usually suffer, here is a sure way to and it.

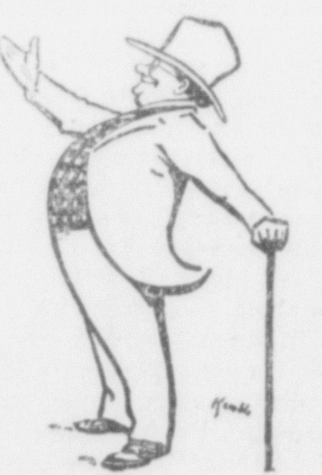

Get a bottle of Liquid MARLIX today. Use it as directed—then, watch your "stomach trouble" disappear. Watch yourself pick up. Watch how you eat, and how fine you feel after eating. Never mind how long you have suffered or what you have tried, MARLIX does not fail. It's only 75c and absolutely guaranteed by The Marlix Co., Fort Wayne, Ind., and druggists.
